THE UMBRIA IS SAFE

Long Overdue Vessel Sighted
Off Fire Island.

FIRST SEEN AT MIDNIGHT.

She Has Not Been Spoken and the Cause
of Her Delay is at Present Unknown—A
Broken Shaft Was Probably the Cause
From the Reports of an Incoming Vessel
Which Reached Port Yesterday.

NEW YORK, Dec. 31.—The long overdue Cunard line steamer Umbria was sighted off Fire Island at midnight. Not having been communicated with, it is impossible to tell what caused her delay, and the facts will not be learned until the vessel reaches her docks at the lower quarantine station.

Probable Cause of the Delay.

NEW YORK, Dec. 31.—Captain Dnck, of the steamer Manhasset, which arrived from Bristol yesterday, reported that on Dec. 26, at 1:30 p. m., in 42:50 latitude and 57:45 longitude, he spoke the Cunarder Umbria, lying to, with three sea anchors out, repairing a broken shaft. They said they expected to finish the repairs the next day and wished to be reported all well.

WHITE HOUSE SICK.

Little Martena Harrison Reported as Doing Well.

WASHINGTON, Dec. 31.—Little Martena Harrison, the president's grandchild, who is ill with scarlet fever, is reported to be doing very well with every indication of ultimate recovery. Her illness is having a marked effect on the number of visitors to the White House. No one is now admitted unless he has particular business with the president or his private secretary. The only visitors received yesterday were Secretary Rusk and Attorney General Miller. The usual semi-weekly cabinet meeting was omitted for the second time this week, and the president spent the afternoon in the grounds surrounding the house in company with his other grandchildren, Benjamin and Marie McKee, whose welfare is an object of special solicitude just at present.

Will Make a Test Case.

INDIANAPOLIS, Dec. 31.—The prosecutor, it now appears, has determined not to order the arrest of any more of the Iron Hall officers on the indictments charging embezzlement till the issue between the state and the two Baltimore officials is disposed of. He believed that the Baltimore court will sustain the sufficiency of the indictments on which extradition papers were issued and that, if this is done, the other indicted parties can be brought here without trouble or delay. The cases of Hosmer and Rouse will, therefore, be made test cases, and nothing further will be done till they are decided.

Enlarging Their Jurisdiction.

INDIANAPOLIS, Dec. 31.—The supreme judges have written a bill which is to be introduced into the legislature materially enlarging the jurisdiction of the appellate court. The law, under which the court is now constituted, limits their jurisdiction to certain cases and during the two years that they have been in office they have nearly or quite cleared the docket of the class of cases that they can determine. The supreme judges believe that the appellate jurisdiction should be enlarged and the bill was drawn with that end in view.

United After Thirty-Six Years.

LAFORTE, Ind., Dec. 31.—After a separation of thirty-six years, Dr. Robert Rhea and wife were united here yesterday. In 1856 Dr. Rhea went to New Orleans on business, that finally took him to the West Indies. In the meantime Mrs. Rhea heard that her husband was dead, and removed to this city. Rhea lost track of his wife and only returned to this state a few years ago, settling near Anderson. Yesterday while talking to a drummer at that place he learned that his wife was alive here, and hastened to meet her.

Business Blocks Burned.

EVANSVILLE, Ind., Dec. 31.—Fire broke out in the business block occupied by the G. W. Warren music house, Gumbert Brothers, jewelers, and Smith and Butterfield, stationers, etc., yesterday, and resulted in the total destruction of the building and almost total loss to contents. The loss on building is \$25,000, with two-thirds insurance.

Burgess McLuckie Out on Bail.

PITTSBURG, Dec. 31.—Burgess John McLuckie, of Homestead, who has been confined in jail here since he surrendered himself some time ago to answer charges of riot and murder, was released yesterday evening on \$2,000 bail. The bond was furnished by a number of McLuckie's Homestead friends.

Attempted His Mother's Life.

VEEDERSBURG, Ind., Dec. 31.—Last night Jack Cummings attempted to shoot his mother, who has been lying sick unto death. Then, in a mad fit of frenzy, fled and tried to end his own life.

THE GILBERT ISLANDERS

Object to British Annexation—They Like the United States.

SAN FRANCISCO, Dec. 31.—Captain M. White, of the schooner Maid of Orleans, has arrived, forty days from the Gilbert islands. He brings some interesting news about the islands over which the British established a protectorate last June. Old King Iebureinua who had just returned from a visit to San Francisco, protested against their usurpation by the British, as he preferred the Americans and wished to have the United States extend protection to him. After the British annexed the islands the king sent an appeal to President Harrison, but this appeal was kept here by Captain Luttrell who feared that if it went east and was published in Europe it would lead to the king's deposition.

Captain White says that for three days before the vessel sailed the old king spent his time on board begging him to do something in this country to restore the islands to their former condition. It seems the natives have been so excited since the British protectorate that they have refused to gather any copra. They have also been incited by English traders to intrigue for the king's removal in favor of one of his sons who is partial to the British. The result is that the island trade is demoralized. The old king has only a few followers and at any time is liable to be deposed. The English are trying to drive away American traders and pursuing the same tactics that the Germans employed in Samoa.

WYOMING DIVIDED.

Two Senators Will Be Sent to Washington from That State.

CHEYENNE, Wyo., Dec. 31.—In view of the decision of the supreme court delivered Thursday afternoon, the Democrats openly say that they believe that all other points yet to be decided by the court will be against them, and, assuming this to be so, they have resolved to have a second lower house and elect a Democrat to the United States senate.

They condemn in the strongest terms the decision of the court, which they claim was the disfranchisement of electors through no fault of their own. Mr. Campbell, the attorney for the Democrats, laid great stress on his point in his argument before the court. He condemned such a decision in round terms and spoke of over-riding the issue by force. Judge Van Deventer, for the respondents, sprang to his feet and took objections to the remark. Mr. Campbell then withdrew the offensive words.

The defect in the nomination certificates of the two members from Carbon county is that they do not show when the convention was held, where it was held, for what purpose it was held, the character of its composition, for what offices the nominees were candidates. The law prescribes a form that was not considered in any particular. Mr. Campbell said to the court that the case would be carried to the United States supreme court.

A WOMAN'S GIFT.

Miss Mary E. Garrett's Munificent Donation to Her Sex.

BALTIMORE, Dec. 31.—Miss Mary E. Garrett, daughter of the late John W. Garrett, has placed her name alongside the great benefactors of the day by providing an endowment for the benefit of her fellow creatures. She has given a final sum of \$307,000 in addition to the \$50,000 heretofore given to make up the endowment of \$357,000, upon the completion of which the trustees of the Johns Hopkins university several years ago agreed to open to women precisely equal advantages for a higher medical education than it now offers to men.

Committees of women were at that time formed in all the large cities of the country to raise this endowment, but they only succeeded in getting \$150,000, of which Miss Garrett contributed one-third. The time limit set by the university had nearly elapsed, and Miss Garrett, fearing that the project might fail, finally subscribed the balance herself. The university trustees Thursday accepted the gift, which will be called the "Mary E. Garrett Fund." Fifty thousand dollars will be used for a building, to be known as the Women's Fund Memorial building. Instructions will begin next fall.

FRENCH ANARCHISTS IN CHICAGO.

A Number of Them Have Sought Refuge in the Windy City.

CHICAGO, Dec. 31.—Chief of Police McClaughey has a list of anarchists who left France just after the dynamite outrages, which resulted in the execution of Ravachol, and who are now in Chicago. A list of the refugees was sent by the Parisian authorities to Inspector Byrnes at New York and a duplicate to Chief McClaughey.

"Some of the French anarchists, who left their own country for fear of arrest are in Chicago," said Chief McClaughey, "but there is no reason why anybody should be alarmed about it. We know who they are and where they are, and they will be taken care of."

"How many are there of them?" "It would not be proper for me to say that, nor to tell where they are, but there is not a great number of them. I don't believe they have come to this country with the intention of doing any mischief, and so far they have been very quiet and peaceable."

Panics Prevented.

SPRINGFIELD, O., Dec. 31.—At a county meeting here Thursday night of the Odd Fellows, attended by all members, in their hall in the third story of the Union block, the floor suddenly sank several inches. All the grand officers were present and they, with the others, started to fly when a coolheaded man yelled, "Steady, boys, steady," and an awful panic was averted.

THE YEAR'S TRADE.

It Has Been a Very Prosperous One.

R. G. DUN & COMPANY'S REVIEW.

The Indications Are Strongly Favorable for a Bright Future—The Holiday Trade the Largest Ever Known—But Few Failures Have Occurred During the Year.

NEW YORK, Dec. 31.—R. G. Dun & Company's weekly review of trade says: The most prosperous year ever known in business closes today with strongly favorable indications for the future. From nearly all points comes the report that the holiday trade has been the largest ever known, and while wholesale trade is not usually active at this season of stock taking, it is now remarkably large.

Settlements through clearing houses outside New York in December were apparently the largest ever made in any month, exceeding last year's by more than 10 per cent. For the year, the volume is also about 10 per cent. larger than last year, and the largest ever known. Railroad earnings in December show an increase of about 3 per cent. over last year and for the year an increase of about 5.5 per cent.

Foreign trade has been smaller than last year in volume of exports at New York, \$7,800,000 in value for the past four weeks, and at cotton ports about \$10,000,000 less, but imports at New York have been from \$3,000,000 with the largest imports and the largest total of exports and imports ever known in any year.

Unprecedented purchases for consumption have resulted in 1892 from the unequalled crops of 1891, so that manufacturers have made extraordinary progress. The year closes with all woolen, cotton and silk machinery fully employed and unsold stocks of goods much lighter than usual, while the demand for the coming season already exceeds the capacity of many mills.

The orders booked for the season in dry goods are extraordinary, while cotton goods are strong with a tendency to higher prices. Sales of wool at the chief markets have been 309,000,000 pounds against 246,000,000 pounds last year, and foreign imports have been the largest ever known.

At Pittsburgh iron is slower and the demand for finished products diminishing, but glass is fairly active.

The shoe trade at Cleveland is excellent and other trade good, though in iron no improvement is seen, and 4,000,000 tons of ore remains on the docks.

The clothing trade is good at Cincinnati, and machinery and foundry business up to the usual mark.

At Detroit the volume of trade is maintained, though no improvement appears in iron.

Business at Chicago is good in all lines, especially in heavy dry goods. The holiday trade has surpassed all records, and wholesale business for spring goods is already active.

Holiday trade was very good at Milwaukee.

At St. Louis retail trade since the holidays has been large.

At Minneapolis lack of water restricts the flour output. The lumber trade is most prosperous, and the weather promises an unusual cut of logs.

In iron the trade is weaker, the demand for finished products being at present light. But steel rails have been reduced to \$29 per ton, and sales of 78,000 tons have followed. This great industry has been much affected by the market for securities, which has been depressed for some months by foreign sellings and monetary uncertainties, so that companies have been restricted in the purchase of rails and supplies.

The monetary disturbance has passed for the present, and enormous disbursements for interest and dividends about Jan. 1, are likely to make the markets easier for a time. But it is thought that further exports of gold may shortly follow the new year's settlements.

The year 1892 was remarkable for fewer failures than have occurred in any other year since 1886, the number reported being 10,344 or 2,029 less than in 1891. The indebtedness of firms failing was \$114,000,000 in 1892, against \$189,000,000 in 1891, and about the same in 1890. The average liabilities of firms failing in 1892 has been only \$11,000, the lowest average reported since 1878. The largely increased number of traders and the enormous increase of transactions for the year, render these figures most significant. In 1892 only one in every 113 traders failed, against one in every 93 in 1891, and one in every 102 in 1890.

The Victims Buried.

LONG ISLAND CITY, Dec. 31.—The victims of the dynamite explosion at the New York and Long Island Railroad company's tunnel works—John Hopkins, Henry O'Brien, Sadie McLean, Mrs. Pietro Rocco and Nicolo Ladana—were taken to their last resting place yesterday afternoon. Requiem masses were celebrated in St. Mary's Roman Catholic church for the three first named, who were interred in Calvary cemetery. The funeral of the others took place from Conway's morgue to Calvary cemetery. All the injured are improving.

Caught Under a Snowslide.

BOISE CITY, Dec. 31.—In Lemhi county a week ago a number of freight teams bound from Salmon City to Kettle Creek were caught by a snowslide. Albert Biggar and E. Stein were killed. Dave Kerr and Elmer Black caught on a treetop and saved themselves. Two horses were killed and much freight destroyed.

FRESH INDIAN TROUBLES.

The Shoshone and Arapahoe. Will Not Live on the Same Reservation.

LANDER, Wyo., Dec. 31.—There promises to be serious trouble among the Indians who occupy the Shoshone reservation near this city. Congress last year appointed a commission to treat for a part of the reservation. An agreement with the Shoshone and Arapahoes was reached by which one-half of the land was to be relinquished. This was not approved at Washington and now a second commission is to be sent out to treat with the Arapahoes and Shoshones. It is this that has caused the trouble. The Arapahoes now say that they will cede no land. The Shoshones say that the Arapahoes have no land to cede. The latter was placed on the Shoshone reservation only by permission of Chief Washakie. They were to be removed as soon as a reservation could be procured for them.

Now the secretary of the interior proposes to reorganize the Arapahoes as joint owners and the Arapahoes seem to push the claims. Although Washakie is past eighty he is strong enough to lead his people in the warpath, and he asserts that he will not admit that the Arapahoes be recognized in any treaty. Washakie would not take arms against the whites, but if provocations arise the Shoshones will surely attack the Arapahoes.

ATTEMPTED BANK ROBBERY.

It Proved a Failure and Two Brothers Are Now in Jail.

MARSHALL, Mo., Dec. 31.—The village of Gilliam, twelve miles east of here on the Chicago and Alton railway, was thrown into a high state of excitement Thursday by an attempt to rob the town's only bank. Henry Hayner, disguised with a false beard and moustache, entered the bank and ordered J. R. Kirk, the cashier, to open the vault, at the same time flourishing a large revolver.

Kirk started to comply with Hayner's demand, but stated that he had forgotten the combination, when the teller, Oscar Brown, said that he had it in the drawer. This distracted Hayner's attention, when Kirk jumped on him. Brown called in several men from the street and Hayner was overpowered. John Hayner, Henry's brother, was arrested as an accomplice and both were lodged in the county jail. The brothers reside near Gilliam and are well known.

BURGLARS CAUGHT.

Two Desperate Men Run In and are Sure to Be Sent Up.

MONROE, O., Dec. 31.—Griesmer Brothers' general store was robbed of \$250 worth of goods and an attempt made to rob the safe, which contained \$800, Thursday morning. Later the robbers went to Sigg's grocery, but broke a large glass in attempting to enter, and this frightened them away. Fred Smith, of this place, went to Middletown to shadow two suspicious characters who had been seen about town, and found them about to enter a second-hand store.

The men then went to Heno, where they were arrested. On the way back on the street car one of the robbers pulled a pistol, but was subdued after a struggle. The car was crowded with people at the time. They were landed in Middletown jail, and gave the names of John Baker and William Decker. They had a hearing and were bound over in \$1,000 each.

RIOT IN A CHURCH.

One Man Killed, One Fatally Wounded and Several Others Hurt.

MCAURTUR, O., Dec. 31.—Particulars have just reached here of a shocking affair at a country church near Porter, Gallia county, a dozen miles from Gallipolis. Just as revival services were beginning Clark Watkins caught his sister-in-law, Mrs. Peter Watkins, walking with a man with whom her name had been unpleasantly connected, and attacked him with a knife. Both he and the woman rushed into the church, where a general fight stopped the services.

When the riot was ended it was found the Peter Watkins, the woman's husband, was slain; Harris, the woman's escort, was fatally wounded, having a broken skull and several knife wounds; James Grover had one eye cut out, Clark Watkins was beaten almost to death, and a half dozen others were hurt. The church was almost completely wrecked.

GOT OFF EASILY.

Robber and Murderer Only Gets a Life Sentence.

HUNTINGTON, W. Va., Dec. 31.—The jury in the case of Burrell Forgey, under trial for the murder of Oscar Dick during an attempted train robbery at this place on the morning of the 14th inst., returned a verdict yesterday of murder in the first degree, affixing the penalty of life imprisonment.

This is the same penalty as was accorded to Tom Collins, his companion in the crime. There is general dissatisfaction, especially among railroad men over the results of these trials. Public sentiment was largely in favor of hanging and but for the belief that the trials would result in that there would probably have been a lynching here.

China Store Burglarized.

INDIANAPOLIS, Dec. 31.—Burglars entered the china store of Schreder Brothers last night and cracked the safe and secured \$400 in cash and as much more in checks and notes. The safe was drilled and the combination broken off.

Flagman Killed.

MARION, Ind., Dec. 30.—Ed Gardner, a Big Four flagman at this place, was run down by a switch engine yesterday and ground to pieces.

RAILROAD ROBBERY.

A Systematic Thieving Scheme Just Unearthed.

WHOLESALE ARRESTS FOLLOW.

Headquarters of the Gang at Erie, Pennsylvania, and the Roads Operated Along Are the Lake Shore and Michigan Southern, Nickel Plate and the Philadelphia and Lake Erie.

ERIE, Pa., Dec. 31.—The operations of the local police force working with the Chicago and Lake Shore agencies have thrown the crooks in this city into a state of terror. Information have been made against over one hundred persons, and the officers are making arrests every hour. By the close of the afternoon twenty alleged car robbers had been arrested, and many who were wanted fled from the city. These arrests are following the discovery of a gigantic scheme of railroad robbery.

The Lake Shore and Michigan Southern company has not been the only sufferer. The Nickel Plate and the Philadelphia and Lake Erie companies have been robbed to an extent that is only just beginning to be known. On the two lines first named the thieves operated in this way: Their base of operations was in this city. Regular details of the thieves would go east from this city to Dunkirk or Westfield, N. Y.

The only outfit captured was a few tools and material for forcing the car locks and a rope ladder made to fasten to the running board on top of the car and swing over the side so that an operator could go down on it and manipulate the car fastenings. After the seals were broken and the entrance effected the car robbers would stay in the cars long enough to sort out such goods as they wanted, and these were thrown out at some one of the several points just east of Erie.

The confederates in the interval would take care of the booty thrown off the passing trains. This sort of systematic and persistent robbery has been going on for weeks. Before the search had fairly begun the officers have found \$5,000 worth of stolen goods.

On the Lake Shore line alone, between Dunkirk and Erie, the losses were more than \$10,000 during the month of December. Stolen goods are being found in every quarter of the town and its suburbs. Search warrants have let the officers in households whose heads have been and are still above suspicion, but wild sons, and in some cases giddy daughters are wanted for guilty knowledge of these transactions.

Dell Darling, the base ball player, who has made such a record as a catcher, and Charles Bierbauer, an equally well known ball player, are charged with complicity in the robberies. All outgoing trains are being closely watched to prevent further escapes of guilty persons.

INDIANA WHITE CAPS

Call on an Alleged Wife Beater and Almost Kill Him.

KOKOMO, Ind., Dec. 31.—The White Caps are again at work in this part of the state. Wednesday night a band of sixteen horsemen, with pillow cases drawn over their heads, rode to the residence of Thomas McCarthy, sixteen miles southwest of this city, took him from his bed and administered a terrible beating with hickory switches. He was left at a distance from the house in his underclothes standing in the snow with bare feet. The night was intensely cold, and McCarthy suffered severely from his punishment. He was charged with wife whipping, and had several times been warned by the cappers.

Some time ago a sixteen-year-old boy in the same vicinity, charged with being too attentive to a young widow, was severely handled by the masked riders, supposed to be the same gang. Half a dozen others have received warnings.

TWO VALUABLE CANES.

They Were Made from the Wood of One of Columbus' Houses.

WASHINGTON, Dec. 31.—President Harrison has received from John F. Healy, consul at Funchal, Madeira islands, a cane made from the wood of a house on Porto Santo, one of the islands, occupied by Christopher Columbus at the time he was a resident there.

Columbus married the daughter of Perestrelo, who was the governor or ruler of the island. He was a sailor and explorer of note himself, and the discovery of the Madeiras is by some attributed to him. The cane is on dark wood, but, unlike most of the growth of that locality, is comparatively light. A similar cane was also forwarded by W. E. Curtis, who has charge of the Columbian exhibit at the world's fair.

No One to Blame.

MILWAUKEE, Dec. 31.—The coroner's jury which investigated the fatalities at the Becker-Conrad tannery fire rendered a verdict that the four men came to their deaths accidentally and that nobody was to blame for the calamity. The evidence showed that every precaution had been taken by the chiefs of the fire department and insurance patrol, but the onslaught of flames and smoke were so sudden and overwhelming that escape was impossible. The body of Sullivan, the pipeman, has not yet been found.

Child Horribly Burned.

SOUTH CHARLESTON, O., Dec. 31.—The little four-year-old child of Walter Copeland was horribly burned yesterday by her clothes catching fire from a grate. The child was in a room alone. Her cries brought her grandmother, who saved her from death.

WEATHER INDICATIONS.
For Kentucky, occasional rain or snow; east winds, shifting to west in western portions; warmer, except in extreme western portions.

Carriers' Address.
The BULLETIN's carriers will visit their patrons Monday with a handsome New Year's greeting, and we bespeak for them the liberal reception that has always been accorded them.

CONGRESSMAN HARTER, of Ohio, stands on a platform that will win every time and it is Democratic clean through. His motto is: "First, a sound dollar worth 100 cents the world over; second, a taxation that takes from the citizen the smallest amount possible to meet the expenditure of a government administered on lines of rigid economy and strict honesty."

CONGRESSMAN PAYNTER's next term doesn't begin until March, but several ambitious politicians are already laying wires to fence in the nomination to succeed him. Bath County Democrats are grooming two favorite sons, Fleming likewise, while Harrison and Ma-on will no doubt show up with as many more. It looks like the next contest will be a free-for-all. May the best man win.

Pork Packing.
Packing operations in the West have been unusually small in the aggregate the past week, for the time of year, the total being 270,000 hogs, against 360,000 the preceding week, and 435,000 for corresponding time last year. From November 1 the total is 2,550,000 hogs, compared with 4,255,000 a year ago—decrease 1,705,000 hogs.

The scant supply is partially due to holiday conditions, the advancing tendency in prices and to some extent bad condition of roads for moving stock, but mainly owing to scarcity. The hope for big runs of hogs this season finds less to give it support as the season advances. Prices of hogs have made a further gain, and close about 20c. per 100 pounds higher than a week ago for the average of Western markets. The general average is now about \$6.55 per 100 pounds with extreme figures ranging up to \$6.70 and 95.—Cincinnati Price Current.

The convicts in the penitentiary at Frankfort were reminded on Christmas day that the world still warms now and then towards the miserable. The Lexington friends of the Rev. Mr. Cooper, chaplain of the prison, sent him ten dozen large cakes for distribution among the prisoners and contributions of good things came in from every direction. There was not a single prisoner who did not have turkey.

AMONG the bills—about twenty in number—that will have to be re-enacted on account of the decision of the Court of Appeals on the World's Fair bill, House Clerk Keller in the Carlisle Mercury mentions the "Local Option" law, the bill authorizing the laying off of counties into Magisterial districts, the Election law, the bill authorizing the levying of taxes for county purposes, and the bills authorizing the building of court houses, jails, etc., the removal of county seats the issuing of bonds for graded schools, the building of fences along railroads, etc. The method by which these bills were passed was open to such constitutional objections as to render their re-enactment necessary, according to Mr. Keller, in order to avoid expensive and annoying litigation.

J. B. H.'S CHRISTMAS GIFTS.

The Bulletin's Desha Valley Reporter Handsomely Remembered by a Number of Brides.

The marriage bells have been rung, the epithalamium has been chanted, the friends have been banquetted, souvenirs have been exchanged, and it only remains for the BULLETIN's Desha Valley reporter to wish his hundred brides many years of wedded bliss, loved, loving and content, the sources of comfort, the springs of joy. May their respective homes be bowers where peace and plenty shall abound, and where Love shall fold his purple wings and light his torch on the altar of domestic prosperity. And the grooms, those gallant boys, may no shadow fall on their pathways but the shadow of old age, happiness and competency as they grow in years and wisdom.

During the past year we have felt that no newspaper society reporter had a more delightful, appreciative constituency than we. So generous, so responsive, with a tact understanding among themselves, the BULLETIN's brides resolved on a Christmas gift to the Desha Valley reporter, and promptly sent him their photographs as souvenirs of the past, typifying the sunniest, happiest hour of all the voyage, while eager winds were kissing every sail, and the ship was launching at high tide. This was very considerate in the brides and very pleasant to the donee, far pleasanter than it is possible to express in type.

One pleasure the reporter enjoys more than another is when on a summer outing, perhaps at Parks' Hill, where so many lovers meet their fate, a lovely specimen of the *beau monde* comes trippingly forward and says, "I am one of your brides, which your facile pen so glowingly depicted in Maysville's lively little DAILY BULLETIN, and I feel impelled to know you personally." And the past year brought more of those pleasant interviews than any previous ones. Now, reviewing the past, I find some of the most cherished friendships have come into my life in this way—women of the sweetest disposition, the sunniest natures, men of the cleverest wits and brightest minds. And now as Time's golden orb sinks toward the horizon and another year will soon be gone, let me invoke upon the BULLETIN's readers and fair brides and manly grooms the choicest benisons of heaven.

"Tread bravely down life's evening slope,
Before night comes, do not grope!
And God is not too late!"

Collector Zingerle Rewarded.

"For courageous services and fidelity to duty in repelling train robbers on No. 4, near Huntington, Monday, December 12, 1892, \$100." This is the way the voucher read that was received by W. A. Zingerle, of the C. and O. Mr. Zingerle has been for some time a train collector on the F. F. V., and during all the excitement attendant upon the attempted robbery of the passengers on the Fast Flying Virginian, just east of Huntington, about midnight December 12, Zingerle was the man who, more than any one else, forced the outlaws to abandon the train. Mr. Zingerle is a relative of Mr. Brenner, of West Front street, this city.

Heavy-weights.

On December 28th, Mr. John Case, of Murphysville, had a dining of the heavy-weights of the neighborhood—Mr. and Mrs. Charles Walker, Mr. and Mrs. Horace Clift, Mr. and Mrs. A. D. Ball, Mr. and Mrs. Clay Hamilton and Mr. James McCarthy. After dinner four of the party were weighed, with the following result: Mr. McCarthy, 223 pounds; Mrs. Charles Walker, 208 pounds; Mrs. Horace Clift, 211 pounds; Mrs. John Case, 207 pounds. All had a good time and enjoyed the splendid dinner.

Served Him Right.

William Sullivan, editor of the Morehead Times, and Mollie Oxley, the wife of Max Oxley, of Morehead, arranged a plan to elope. Max Oxley learned of this and secretly boarded the same train. When the train reached Mt. Sterling Oxley stepped in the coach where Sullivan and his wife were, and without passing any words beat Sullivan almost to death. Then Oxley returned to Morehead, while the couple went on their way.

Railway News.

The Fleming Gazette wants a broad gauge road from Johnson to the C. and O. Huntington: The C. and O. is making an effort to secure by control of all the valuable coal and timber land along their line in this State, amounting to over 70,000 acres. The road has control already of 42,500 acres.

Agreeable to a recent law passed in Indiana, the railroads in that State are putting in steam heating apparatus in all passenger coaches. The Pennsylvania Company was the first to try the new system during this cold weather. The plan works well, and will be a safety measure. The steam comes from the locomotive, and produces a very regular heat. All of the lines will have to comply with the law early in 1893.

Mr. Parker Withdraws.

The BULLETIN is authorized to say that Mr. John T. Parker is no longer a candidate for Councilman in Second ward. He was announced by some of his friends without his knowledge, and he has withdrawn.

The Public Printer has completed and turned over to Secretary of State three hundred copies of the recently approved bill fixing the times and terms of the Circuit Courts in the several counties of the State. FOX LODGE No. 386, F. and A. M., of Dover, has elected the following officers for the ensuing year:

S. W.—Frank Collins.
J. W.—Robert Russell.

This Bath County Court of Claims has ordered that all persons asking the county for support hereafter must go to the infirmary. The Winchester Democrat thinks this is, perhaps, the better way, for when money is appropriated for paupers outside the infirmary it generally costs from 25 to 50 per cent. extra for special committees to disburse the amount appropriated.

SEVERAL citizens of Georgetown, Ky., who invested in a bank at Dallas Texas, not long ago, are now sorry they did it. A loss of 50 per cent. on their stock by the enforced re-organization of the concern has made them think more kindly of the claims of home enterprises upon their capital. Which leads the Times to remark with truth and great good sense: "That if half the money which has been sent away by Georgetown people to 'boom' towns, Western banks and things of that kind, had been invested at home, it would have been much better not only for the investors but for the town."

Military Execution.

HAVANA, Dec. 31.—A military execution took place in the Havana fortress yesterday. The condemned man was a soldier who attempted, on Saturday last, to murder his commandant. FALL RIVER, Mass., Dec. 31.—Yesterday afternoon, while Mrs. William Bateman, of Newport, was shopping in a local store, a bag containing a purse and a check for \$500 on a Newport bank was stolen from her by an unknown thief.

Dentist Attempts Suicide.

MOUNT STERLING, O., Dec. 31.—Dr. W. S. Welch, a prominent dentist, attempted suicide yesterday by the morphine route. Thursday his wife filed a suit for a divorce at London. This, together with financial troubles, caused the rash act.

Dry Goods Damaged.

FREEPORT, Ills., Dec. 31.—Fire broke out in the Weisbar block and damaged the dry goods stock of Seely & Reed to the extent of \$60,000. The firm occupied the main floor and a part of the upper floors. A number of other tenants in the building lost all their effects.

The River.

The Ohio is frozen over at Portsmouth. The ice gorged yesterday at the mouth of the Little Miami.

If the weather should turn very cold in the next few days there would be a general freeze up all along the Ohio.

There is always in the distance
Hope that ever beckons on,
Still another year to greet us
When the present year is gone.

But the sorrows that have touched us
In the watches of the past,
Can not wait us in the future
Where the shadows overcast.

So let's enter on the pathway
Of the newly christened year
Reckon'g nothing of its sadness,
Dreaming only of its cheer.

Let us wish for one another
Lives of brightness and success,
That the King of all the kingdoms
Will remember us to bless.

LEADS TO KNOWLEDGE, and knowledge is power in all business as in other walks of life. The opportunity is here, and all you have to do is to grasp it, and it is yours. No doubt you have learned that The Old Reliable Red Corner Building is to be remodeled after the Holidays, and there is but one thing to do, and that is to get the large stock of CLOTHING out of the building before the workmen commence. This is no scheme to gull the consumer, but an actual fact, which has been put off as long as possible, and now they MUST go, at YOUR price, not ours. Our immense stock will be thrown on the market Saturday morning, and we will continue the cut prices until everything is closed out, from a Collar Button to the finest Suit or Overcoat sold in the city. Do not listen to anyone, but come and see for yourself.

A LONG TRAMP.
An Akron (O.) Boy Completes His Walk Around the World.
CHICAGO, Dec. 31.—John A. Botzen, of Akron, O., a young man who has been "hoofing it" around the world, made Chicago in good form Thursday morning. He wore a blue flannel shirt, and a well worn corduroy suit. He tells an interesting story of his experiences, and says that his expenses thus far have been \$1,294.95. He started from New York in January, 1891, landing at Queenstown. Then he went over Europe, and after taking in Egypt, Arabia, Turkey and that section, crossed to India. He then proceeded to the island of Ceylon, China and Japan, where he took ship from the latter to San Francisco, arriving there June 23. July 2 he started east, bringing up at Council Bluffs Christmas day. For business reasons it is important that he be at Akron Jan. 4, so he took the cars Thursday from Iowa, and will finish the journey by train. To complete the record, however, he will at once return to Council Bluffs and recover the line to Akron on foot. He lost twenty-three pounds coming across Nevada, as there was 600 miles of country over which it was hard to get provisions and water for more than a day at a time. He has worn out fifteen pairs of shoes since leaving San Francisco.

A WELCOME TO ROME
For All the Host of Pilgrims Coming in January.
ROME, Dec. 31.—The Vatican has been informed that, at a recent council of the Italian ministry, it was decided to take special measures to protect the pilgrims coming to Italy on the occasion of the jubilee of Pope Leo, who was preconized as archbishop of Damietta Jan. 27, 1843. It is expected that about 40,000 pilgrims will visit Rome in the latter part of January and February to attend the celebrations in honor of the fiftieth anniversary of the pontiff's elevation to the episcopal dignity. Of these it is expected that not less than 4,000 will be from the United States. The people of Rome, irrespective of their prejudices for or against the pope, are anxious to see as many pilgrims as possible, as it is anticipated that they will spend a considerable sum of money in the city, where trade is now depressed and taxes are oppressive. The cabinet, therefore, is desirous of having it understood abroad that ample precautions will be taken for the security of all who come.

THE CHICAGO WRECK.
Responsibility for It Fixed by a Coroner's Jury.
CHICAGO, Dec. 31.—The verdict of the coroner's jury investigating the wreck at the Forty-seventh street crossing, in which four people were killed and a dozen wounded, was returned yesterday afternoon. It recommends that the engineer of the construction train, the conductor of the street car and the flagman and gateman at the crossing be held to await the action of a grand jury.

It also holds the street railway company and the Pittsburgh and Fort Wayne Railroad company jointly responsible for the accident.

OLD LADY BURNED TO DEATH.
Her Inflammable Dress Catches Fire from an Open Grate.
ZANESVILLE, O., Dec. 31.—Mrs. Mary Hodge, aged sixty-five years, was burned to death at Roseville yesterday afternoon. She went to the mantle over the fire place to wind the clock. Her dress brushed against the open grate and caught fire. In an instant the inflammable material had blazed up and she was completely enveloped in flames.

Her cries brought her the assistance of friends who were in the house and the fire was subdued as quickly as possible. A physician, who responded promptly, gave her all the aid possible, but she was so badly burned that she lived but a few hours.

MORE ARRESTS TO FOLLOW.
Several Other Persons Implicated in the Homestead Poisoning.

PITTSBURG, Dec. 31.—There have been informations made against several other persons implicated in the poisoning of the non-union workmen in the Homestead mill. Who they are and how many, or the date of the informations could not be learned.

The charge in each case is the same as that made in the informations against Hugh Dempsey, Gallagher and Davidson—felonious assault and battery. The only clew to the identity of the persons is the statement that they are all connected with a labor organization, but were not strikers.

Wreck on the Baltimore and Ohio.
COLUMBUS, O., Dec. 31.—The Cincinnati and Pittsburgh express on the Baltimore and Ohio railroad, which leaves Columbus for the east at 11:30 p. m., met with an accident at Caldwell, five miles east of Columbus, at midnight. The engineer disregarded the signal, and the switch was thrown, derailing his engine and throwing the baggage car up against the target. John Neeley, the baggageman, had one leg crushed, but no further injuries to passengers and trainmen were received. The train was heavily loaded, and consisted of two coaches, one sleeper and baggage car. The wrecking crew was sent to the scene.

Died While Going to Church.
PERU, Ind., Dec. 31.—Death came suddenly and singularly to Mrs. Perry Cover, a well known lady of this county, yesterday. Desirous of attending a religious meeting to which her husband objected, Mrs. Cover ran violently to the house of neighbors, intending to go with them. She dropped dead in their presence.

Invalid Becomes a Raving Maniac.
ENGLISH, Ind., Dec. 31.—Henry Deal, two years a helpless invalid, arose from his bed yesterday a raving maniac. Four strong men are required to hold him. His mania is to kill. He will be sent to the asylum if he does not die too quickly. Brooding over his troubles is supposed to have caused the insanity.
